EDUCATION

West Forsyth High School

Cumming, GA

Expected Graduation: May 2027

Weighted GPA: 4.623/5.0 | Rank: 1/655

- **Relevant Coursework:** GT CS 1301 (Intro to Computing), GT MATH 1554 (Linear Algebra), GT MATH 2551 (Multivariable Calculus), AP Computer Science A, AP Calculus BC, AP Physics 1, AP Statistics, AP Biology

TECHNICAL SKILLS

- **Languages:** Python, Java, JavaScript, SQL
- **AI/ML & Data:** PyTorch, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, LLM APIs (Gemini)
- **Web & Mobile:** React, React Native, Vue.js, Nuxt, Node.js, Express, FastAPI, Tailwind CSS
- **Cloud & Tools:** AWS (S3, Lambda), Firebase, Git, Financial Modeling

EXPERIENCE & LEADERSHIP

iVue

Cumming, GA

Software Engineering Intern

Mar 2026 – Present

- Ship user-facing features (profile editing, image uploads) for iVue's drone ground-control platform using Vue.js and Nuxt.
- Lead backend engineering on AWS (S3, Lambda, API routes, data processing) for a 30-person drone-software team.
- Build route optimization for the drone platform, applying algorithmic and ML techniques to plan efficient flight paths.

West Forsyth HS FBLA Chapter; Georgia FBLA Region 11

Cumming, GA

Chapter Co-President & Region 11 Officer

Feb 2026 – Present

- Direct a 350-member chapter (up from 180) and a 16-person officer team; 2x Superior Chapter and nationally Gold-level.
- Doubled the competition team (100 to 200); grew state winners 30 to 55, national qualifiers 12 to 25, national winners 5x.
- Solely run the Region 11 Conference and coordinate ~20 schools in Georgia's largest, most competitive FBLA region.

InnovateATL

Atlanta, GA

Co-Founder

May 2026 – Present

- Co-founded a statewide high school startup competition with an 8-person team; hosted 200+ competitors across 70+ teams.
- Secured \$2,000+ in sponsorships and a \$1,000+ prize pool, backed by Georgia Tech CREATE-X, Babson College, a Georgia state representative, three VC firms, and a school-district partnership.

LearnAI Forsyth

Cumming, GA

Co-Founder

May 2026 – Present

- Co-founded an AI-literacy nonprofit that builds and ships free AI tools (automation, LLM pipelines, knowledge bases) for 4 local nonprofits, including The Place Forsyth and MentorMe North GA.
- Produce AI-literacy content on Instagram and TikTok reaching 15K+ views.

Georgia Institute of Technology (STEP Program)

Atlanta, GA

Summer Intern, Guggenheim School of Aerospace Engineering

Jun 2025 – Jul 2025

- Engineered a prototype rover for a simulated Enceladus mission in a competitive program backed by NASA, Boeing, Lockheed Martin, and the Georgia Space Grant Consortium.
- Owned electrical design, systems integration, and Arduino-based controls on a 6-person team with faculty mentors.

PROJECTS

SpeechScore

Feb 2026

- Built a full-stack speech coaching platform (React, FastAPI) with real-time feedback on pacing, clarity, and filler words.
- Orchestrated a multi-model pipeline: AssemblyAI transcription feeds Gemini rubric scoring, plus an "Ask the Coach" feature.
- Deployed on Railway with Firebase authentication for secure data persistence.

Clarity

Oct 2025

- Built a cross-platform mobile app (React Native, Expo) to bridge the accessibility gap in teen mental health resources.
- Built a multimodal pipeline (computer vision, Gemini) reading facial expression, voice, and text sentiment from daily check-ins.
- Shipped a TikTok-style vertical feed with seamless interactivity and accessibility.

AWARDS & HONORS

- **Global Finalist (Top 10 of 5,000+ teams):** Wharton Global Youth Investment Challenge
- **National 3rd Place (State 1st):** FBLA Data Analysis
- **National 6th Place (State 2nd):** FBLA Management Information Systems
- **National 6th Place (State 1st):** FBLA Digital Citizenship
- **State 1st Place:** TSA Cybersecurity
- **Digital Technology Student of the Year:** Forsyth County Schools CTAE
